A Washington special says that the Repub-

lican city makes an authoritative denial of

the rumors concerning the Mexican affairs,

and says the reports were started in the interest of

Mexican bondholders.

The French war steamer *Tuluse* arrived at

Panama from Mexico on the 14th, having a

number of sick and wounded soldiers among

them, who had been captured by the rebels.

The *Tuluse* sailed direct for Mexico.

A "warship" occurred at Aspinwall

on the 10th, destroying the United States Hotel

and adjoining buildings. The names were

read out of the Howard House through the actions

of Commodore E. M. Jones, men of the

United States, and the Deacon.

A river steamer Independence had exploded

with a number of passengers on board. No

particulars of the disaster received.

The Government of Honduras has decided to

repel neutral in case the war between Spain

and Peru and Chile continues.

It is known that the allies by

referred to the forts of Omos and Trujillo,

in the Altiplano, for protecting harbors, thus

enabling them to prey on Spanish commerce.

Peru is engaged, with a Presidential election

it was thought the present dictator, Prado,

will be elected.

Another company against the Government

has been formed in Lima.

Letters from Buenos Ayres of the 8th and Xassio

the 11th state another desperate battle. It takes place

between the Brazilians and Paraguayans,

while the allies claim a victory, no details are

given.

Tomsk, Oct. 30.—Oct. 31.

The Fenian trials were adjourned.

The trial of John Quinn, the jury, John

was placed on the dock. H. A. Hinckley,

Mr. McNair and J. P. Farson appeared for the

Crown and Kenneth McKenzie, Queen's counsel for

the prisoners. The prisoner's counsel applied for

a postponement of trial, in consequence of the

absence of a material witness, who could not be

found and other witnesses could not be found.

It was also stated he found great difficulty

in obtaining the necessary evidence. The affi-

davit set forth that the prisoner belonged to

Rochester, New York, and that certain newspaper

articles published articles calculated to per-

suade the public that the prisoner never had

any connection with the Fenians.

The prisoner further believes he will be

ready for trial in January next. Mr. McKenzie

said that the delay should be granted. Mr. R.

H. Harris contended that it would be better

to postpone the trial until after the election

of the 1st of November, and that the trial

should be adjourned until the result of the

election.

The next prisoner brought into court was

Patrick McGrath, who claims to be an American

citizen. Mr. McKenzie made a similar applica-

tion for postponement as before.

Ottawa, Oct. 31.—Oct. 30.

Hon. Messrs. McDonald, McNaughton and

Campbell are expected to appear before the

Committee of Grievances to-morrow, to discuss

the verdict found

against the Fenian prisoners. It is not likely

anything will be decided upon until the full

meeting in Montreal next week.

BOSTON, Oct. 30.—Oct. 31.

The billiard match between Wm. Goldthwaite,

Boston, and John McDevitt, of New York, for one thousand dollars, fifteen hundred points,

telegraph in Newfoundland it is proposed by

the Anglo-American Telegraph Company to lay

cables from Trinity Bay, or rather Placentia Bay,

to Halifax and Boston. The total cost of

the cables will be \$100,000.

PHILADELPHIA, Oct. 30.—Oct. 31.

A special from Washington to the Bulletin

says Geo. F. Bruce, the British Minister, ex-

presses the belief that the Canadian authorities

will accede to the request of our Government

in case of the Fenians now under sentence

in relation to Indian troubles.

Commissioner Rosey, of the Indian Bureau,

had a conference this morning with General

Sherman, at the headquarters of General Grant,

in relation to the removal and disposition of the

Indians of the Great Lakes of the West. The

new Commissioner appears to be determined

to investigate into the truth of the various rumors

in relation to Indian troubles.

LONDON, Oct. 30.—Oct. 31.

The Canadian papers are discussing Mr. Sov-

ette's letter and the tone of the American press

on the Fenian trials, and generally say that

the threats of many American papers who are now

really Fenian accomplices will do the princi-

pal harm here good, and quote the language

of Captain Baden-Powell, and others, hanging

by the United States during the Civil War.

WASHINGTON, Oct. 30.—Oct. 31.

The National Irish Executive Committee of

Irish citizens, at a meeting held last night, passed

resolutions returning thanks to the President

of the United States, and Secretaryeward, for their

prompt, enlightened and humane action in be-

half of those American citizens who have been

unjustly convicted and severely sentenced by

judicial authorities, and for the terrible

and wanton acts of the Fenian invaders of

the United States.
